Get Acquainted Visit: An initial visit between primary sitter and pet family is required. At this time, sitter will ask information about each pet's routine, medical background, location of pet related supplies, and cleaning supplies. He will interact with all pets, explain APS policies, and answer any questions. Please have a key and first payment available.

Keys to your home: We prefer that you hand a key to your pet sitter at "Get Acquainted Visit." Do not plan to just leave a key in your yard, though if you have a hidden key, please let us know where it is. We generally keep the key so that you may call with short notice and still receive service. Your key will be returned if you prefer. We do not leave keys in or outside of the home.

Authorized Pet Sitters: The sitter you meet at original "Get Acquainted Visit" will be your primary care giver. If this sitter has an emergency, we have several experienced sitters to fill in. All sitters are insured and their work is guaranteed through Athens Pet Sitter.

Payment for Services: Athens Pet Sitter expects prepayment for service. You may write a check to "Athens Pet Sitter" or give cash at "Get Acquainted Visit." For future visits, you may leave a check or cash in designated area of your home.

Food and Supplies: If you accidentally run out of food or supplies while your pet is in our care, we will purchase more on your behalf and supply a receipt for reimbursement.

Reservations: Please give as much notice as possible for dates of care, though Athens Pet Sitter will make every attempt to service even last minute requests. With that, we do not set strict times for our visits. We do stick as closely as possible to the routine specified at the "Get Acquainted Visit."

Inclement weather: In the event of inclement weather or natural disaster, Pet Sitter is entrusted to use best judgment in caring for pet(s) and home (unless instructed by client to do otherwise in writing). If circumstances beyond the control of Pet Sitter prohibit them from following instructions, Pet Sitter will be held harmless for consequences related to such decisions.

Security of pets: You must ensure that adequate supplies and facilities necessary to maintain your pet on your property exist prior to departure. Our company cannot be responsible for pets that are prone to escape or for damaged equipment/fencing. We will make every reasonable attempt to remedy any problems that arise and to contact the client if necessary. We inspect the premises for problems on the initial visit and during each visit while you are away. We prefer all pets that are outside the home (not in a fence or on a runner) be on a leash. If you request that a pet be allowed outside without a leash, we cannot be held responsible for the loss, injury, or damage that occurs as a result.
